Sample ID	Sample Description									

Please Note:
 Microbiological bottles cannot be used to submit a sample of water for mineral analysis unless they are rinsed thoroughly. The preservative present in the microbiological bottles will affect the accuracy of the water nutrient analysis.
 * Microbiological samples must be received before noon on Thursdays (samples will not be accepted on Fridays).
 If you request more than three bacteria tests, please submit two bottles for analysis.

Sample Retention: 3-5 business days. Extended retention times must be advised and may be subject to additional costs.
